

Flatbed Access Platforms

GREEN Flatbed Access Platforms offer superior fall protection when gaining access to flatbed trailers for tarping or securing loads.

Built to customer specifications and fully customized, our Flatbed Access Platforms are the perfect solution for preventing falls for those climbing on flatbed trailers, a notoriously dangerous and common situation.

Features

GREEN Flatbed Access Platforms have many unique features:

- Built to customer specifications
- Roll-track design allows for varying trailer widths and easier trailer placement
- Increase productivity and facility safety at the same time
- Lightweight aluminum construction

Access Equipment

- These rolling platforms can also be combined with double-access platforms for greater site flexibility and extended access options
- Available with Self-Closing Swing Gate access

Finishes

- Aluminum
- Gray enamel / Safety Yellow
- Custom finishes available

Engineering

GREEN designs and custom-builds fall protection systems that meet even the most challenging requirements.

Our engineering team has over 150 years experience collectively and utilizes state-of-the-art CAD software.

Options

- Custom dimensions and orientations available
- Available powered operation for use by a single person
